La collezione di tessuti Iris è realizzata con un filato di poliestere interamente riciclato e ulteriormente riciclabile. Attraverso un procedimento meccanico le bottiglie di plastica vengono trasformate in polimeri e poi in filato, senza l'uso di sostanze chimiche. Il processo di produzione del filato è 100% Made in Italy.

*The Iris fabric collection is made from a polyester yarn that is entirely recycled and further recyclable. Through a mechanical process, plastic bottles are transformed into polymers and then into yarn, without the use of chemicals. The production process of the yarn is 100% Made in Italy.*
